DESCRIPTION

As a dedicated Front-End Developer with 2 years of experience, I am committed to crafting exceptional user experiences through clean and efficient code. My main tech stack includes HTML, CSS, JavaScript, and React, along with other UI Frameworks such as MUI, React Bootstrap, and Bootstrap. I also have knowledge in integrating REST API and MySQL databases to create dynamic and responsive web applications. Pursuing my Bachelor's degree in Entrepreneurship, I am constantly seeking new ways to innovate and drive growth in the industry.
